Pedagogica software: ___ Dynamica

___ Biologica

___ Gas Laws

___ Molecules and Atoms

Please answer the following 7 questions honestly and to the best of your ability.
Please do not write your name on this survey.

1) What did you like the most about using this software?

2) What do you think we could improve about this software?

3) What did you learn with the software that you didn't learn in the classroom?

4) If your friend needed help in this subject, would you recommend this software to him or her?

___ Yes

___ No

___ Not sure

5) Do you think Pedagogica is easier or more difficult to use than other educational software that you have used?

- Pedagogica is much easier than other software
- Pedagogica is a little easier than other software
- Pedagogica is the same as other software
- Pedagogica is a little more difficult than other software
- Pedagogica is much more difficult than other software
- I haven't used any other educational software

6) How much do you agree or disagree with the following statement:

"Pedagogica helped me learn more than I would have in the regular classroom."

- Totally Agree
- Somewhat Agree
- Neither agree nor disagree
- Somewhat Disagree
- Totally Disagree

7) Is there anything else you would like to share with us about your experience with Pedagogica?

Thank you for participating in our research. Your time and effort on this project will help shape science education in the future.
